Town of Harrisville  
705 Chesham Road  
Harrisville, NH 03450

Re: Class VI Road Maintenance

As a follow up to our recent meeting Friday, June 25<sup>th</sup>, during which the town and some neighboring land owners were educated by the town's attorney regarding the maintenance of Class VI roads, my wife Lee and myself hereby submit this letter of request, per RSA 236:10, to the town of Harrisville.

The request is to receive written permission, as soon as possible or practical, for us, or subcontractors we hire, to maintain and improve Blood Hill Road, Cobb Hill Road, and any and all Class VI roads that run adjacent to or through any parcels we own.

Specifically, we are requesting permission to perform the following maintenance actions, should we deem them necessary and financially feasible:

- Remove Snow and Apply Sand during snow and ice seasons
- Ditch and Grade
- Replace, and/or install culverts
- Add material

This request is simply a request for permission, per RSA 236:10, and not an offer to take on any obligation to maintain any of these roads now or in the future, or an assumption of any liabilities associated with past and future maintenance. This request is also not meant to prevent us from petitioning the town to convert these roads, or certain sections of them, to town-maintained, Class V Roads.

We request that this permission be granted from this date, July 8, 2021 until we no longer own any property along or around said roads.

Sincerely,

Lee and Akhil Garland
