Updated March 2023

General description of the work and/or change in use.

Describe the project. If the use of the building is being changed, include existing and proposed new use. For residences, list the number of bedrooms and bathrooms, existing and proposed. Applications for new structures and additions must include an accurate, scaled plot plan with property lines and proposed setbacks shown. Identify wetland areas, and well and septic areas.

Estimated cost:

Estimated project start date:

Does proposed work meet zoning setbacks?
Provide setback dimensions between structure and property lines.

Does proposed work lie within 250' of a lake or pond?
Provide copy of permit from NHDES Shoreland Division

Does proposed work have a valid NHDES septic system approval?
Provide NHDES construction approval number: _____
Provide NH DES operational approval number: _____
